BEHLIN, Sept. 11.-It is admitted

prevent breakage are now concealed in the count court house. The liquor darkness for several hours, was confiscated this morning by Chief of Police Tom Gurdane and is being held awaiting investigation by

the state. This same trunk has been identified as having left the Pendleton station about two weeks ago and last Friday it returned from Utah. Chief Gurdane and Officer Nash were at the O-W station the other day and the odor of liquor attracted the men-They left it there, thinking some one might claim the prize but as yet no one has done so.

It is thought that perhaps the liquor was received as a preparedness measure for the Round-Up.

The trunk was taken from the stathe city hall and later transported to the county court house by Sheriff T. D. Taylor.

ANTI SMOKING RULE IS MADE BY PARKS

Superintendent Park caused a great surprise when he announced this morning before high school assembly that radical changes were to be made in . athletics and in the student body officers. He stated that one athlete or student body offi-cer would be allowed to maintain his position if he smoked or drank. He further stated . that if on any trip an athlete . was found smoking the game in . which he engaged would be for- . feited to the opposing team. • There is much speculation in • high school whether or not he . can enforce this law, but it is of certain that the law can be of partly enforced for many of the athletes have expressed of their approval of the act.
